WHY THIS SERIES?

The purpose of this series is to **teach Apologetics** to our people. It is very important that we equip our self by the right information about the **existence of God & the authenticity and infallibility of His book all with evidence from science**. This kind of education has never been **so badly needed** as it is now **for our kids and youth survive the vicious attacks on the Bible and God** in all walks of life, be it school system, media, press, books, museums, colleges, social, entertainment, ...etc. This vicious attack, although as old as creation itself, it increased during the enlightenment age but **it sky-rocketed since the 1970's**. The root cause of all this attacks **unquestionably is the evolution theory** which replaced the godly creation by godless one and therefor there is no need for a God with all the moral and legal responsibility to submit to His authority and commands and not living sinful life.

This series will have sections **refuting evolution** be it cosmic, chemical, astronomical, organic, and biological. Other sections **discussing all-or-nothing complex systems that are impossible to explain through bit-by-bit random evolutionary processes as incredible examples of God's handiwork in His creation**.

A handful of self-proclaimed scientists were used by the devil some two and a half centuries ago **to plant and grow the most obvious and destructive lie since the devil asked Eve in Genesis 3:1 "Has God indeed said ...": Evolution**, which asks "Did God indeed create ...". He never stopped using countless scientists nurturing the same lie since then.

For instance, **despite superficial evidence, the theory of evolution has hijacked all scientific disciplines**, uprooting centuries of science, logic, and philosophic paradigms, giving birth to fascism, racism, totalitarianism, and world demagogues who **have dragged humanity into two world wars at the expense of more than 100 million lives and trillions of dollars of economic loss**. This lie has sprouted **atheism, moral bankruptcy, the decline of family values, violence**, etc. Despite vast advancements in science that clearly debunk the theory of evolution and that the earth is millions of years old such as **Mitochondrial Eve, Y-Chromosome Adam, mutation entropy**, etc., the disciples of evolutionary theory dig their heels in the ground and hold fast to their beliefs.

FEW NOTES FIRST

- Evolution is nothing new or Darwin's own invention, for example ancient Egyptians believed frogs came out of Nile mud literally".
- Darwin, and all who jumped on the band wagon, could and will never provide proof for their claims.
- Since more than half a century many evolution gurus "slip tongued" statements revealing the deep underground distrust in evolution between many of its apostles (see "Creation antagonists witness" (posted), #4 of this series).
- Mutation entropy works colossally against evolution in ratio $10^{77} : 1$ (all seen universe contains 10^{80} particles only, just to imagine how ginormous the bad mutations are relative to good ones).
- Next is a list sample of scientists who dissent from evolution.

WHEN WRONG BECOMES RIGHT

13

“It is absolutely safe to say that if you meet someone who claims **not to believe in evolution, that person is ignorant, **stupid** or insane (or **wicked**,)”**

**Richard Dawkins Put Your Money on Evolution New York Times
April 9, 1999 p. 35**

“**Woe** to those who call evil good, and **good evil**; Who put darkness for light, and light for darkness; Who put bitter for sweet, and sweet for bitter!” Isaiah 5:20

REASONS WHY EVOLUTION IS DELUSION

- IT IS NOT EVEN QUALIFIED AS A THEORY.
- MODERN DAY SATAN'S DECEIT "...AND HE SAID UNTO THE WOMAN, YEA, HATH GOD SAID, YE SHALL NOT EAT OF EVERY TREE OF THE GARDEN?" GENESIS 3:1
- AS TWIN SISTER, BILLIONS OLD UNIVERSE, EVOLUTION IS UNPROVEN AND UNPROVABLE.
- ALL RELIABLE EVIDENCES ARE AGAINST IT HOWEVER OUTSIDE THE CREATIONIST COMMUNITY NO ONE WANTS TO SEE IT FOR WHAT IT IS.
- MOST OF THE PEOPLE WHO ACCEPTED IT DID SO TO PACIFY THEIR CONCIIOUSNESS, BESIDES, WHO WANTS TO SWIM AGAINST THE FLOW.

REASONS WHY EVOLUTION IS ELUSION

- AT THE BEGINNING MANY EVOLUTIONISTS ACCEPTED IT NOT TO APPEAR IGNORANT (PEAR PRESSURE).
- IS TREATED AS FACT ALTHOUGH IT DOES NOT EVEN QUALIFY AS THEORY.
- PERMEATES ALL EDUCATION, CULTURE, ENTERTAINMENT, LITERATURE,.. CERTAINLY AS PART OF NEW WORLD ORDER.
- LET SEE VERY BRIEFLY WHY, WHEN, AND HOW IT CAME ABOUT BEFORE WE JUMP INTO WHY IT IS DELUSION 😊.

WHY & WHEN IT CAME ABOUT

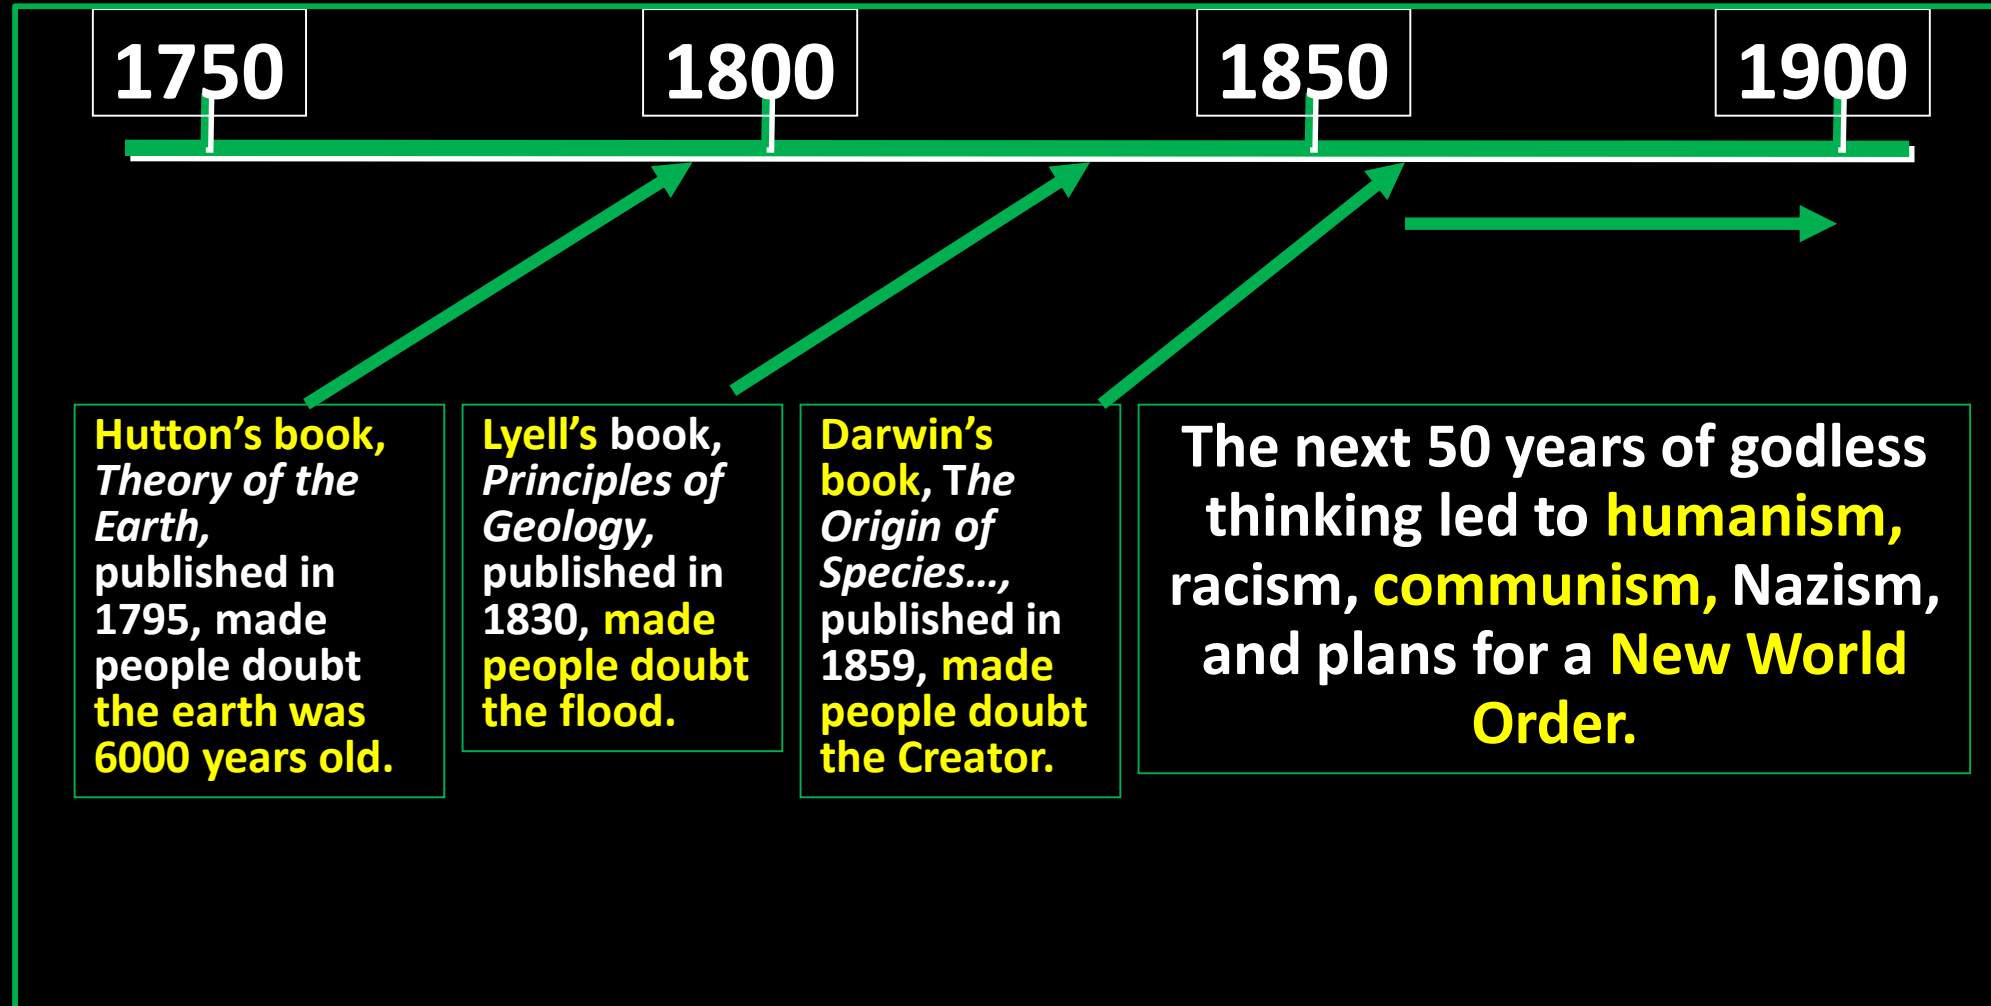

16

- 1795 James Hutton published **"The Theory of the Earth"** creating **uniformitarianism** theory: Changes are extremely slow therefore the earth must be extremely old. **THE PRESENCE IS KEY TO THE PAST** INSTEAD OF THE PAST IS THE KEY TO THE PRESENCE.
- 1830 Charles Lyell published **"Principles of Geology"** inventing geological column
- 1859 Darwin published **"The Origin of Species ..."** AND THE GATES OF HELL BROKE OPEN

LIE PROGRESSION

17

GEOLOGICAL COLUMN?

18

- A Lawyer invents **fictitious geology column**.
- The audacity to put **time scale in millions**.
- A preacher decides each layer **evolved into the one on top of it** because he saw different sizes of peaks for a bird called Finch.
- **All sciences followed the leaders** from cosmology and astronomy to anatomy and anthropology and all in between.
- Despite all **glaring evidence to the contrary** evolutionists dug their heels mostly out of convenience & peer pressure.
- Unfortunately, most **Churches raced to twist the word of God** and split hairs to conform with science fear of being accused of anti-science.

WHAT IS IT ABOUT?

19

- James Hutton, Charles Lyell, and Darwin **planted the doubt in the earth age, the flood, and the creator**, respectively.
- **The history given in Genesis became subject to interpretation** and many Churches came up with theories to stretch the Bible reported earth age of 6000 years to allow for millions and billions of years by inventing the **Gab, the Day-Age, the Progressive Creation, the Theistic Evolution, the Local Flood theories, and the Frame Work Hypothesis.**
- Slowly but surely the school became **the source of “science”** and the Church **became the source of “spiritualties”** and socialization.

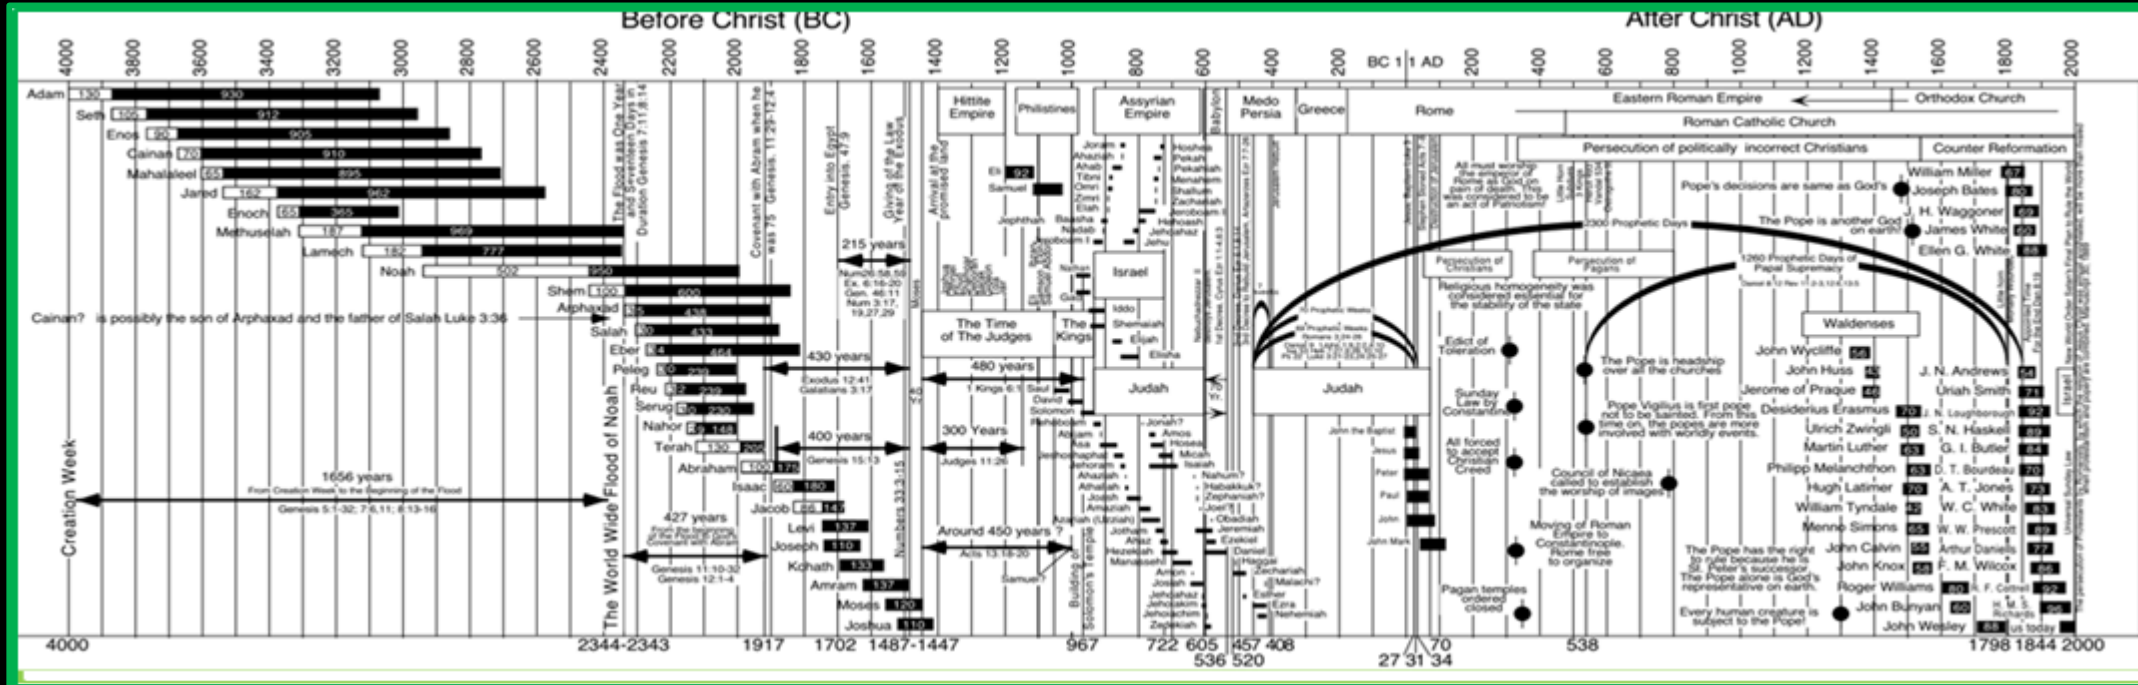

From 1924 to 1988, there was a visitor's sign above the entrance to Carlsbad Caverns that said Carlsbad was at least 260 million years old. In 1988, the sign was changed to read 7 to 10 million years old. Then, for a little while, the sign read that it was 2 million years old. Now the sign is gone.

Jerry Trout (cave specialist with the Forest Service), Descent, Arizona Highways, Jan. 1993, Pg. 10-11.

WHAT DOES THE BIBLE SAY ABOUT THE EARTH AGE?

20

Reference (ctrl + click): [Earth age Biblical record chart](#)

- God said "..., thou shalt not eat of it: for in the day that thou eatest thereof thou shalt surely die."
- The death came only after Adan sinned. Therefore any animal or human fossil can not be older than 6000 years (give & take).
- As a matter of fact the first killing was to cover Adam and Eve sin, done by God pointing forward Jesus sacrifice on the cross to atone for my sins and yours'.

HERE IS WHAT EVOLUTION MEANS

Stupid!

1. **Cosmic Evolution: The origin of Time, Space, and Matter,** 
i.e., the Big Bang.
2. **Chemical Evolution:** 
 - i. Big bang supposedly produced Hydrogen and some Helium
 - ii. how did we get the **92 elements formed plus the synthetic one**#?
 - iii. How the chemicals evolved?
3. **Stellar and planetary evolution. Origin of stars and planets.** 
 - i. No one has ever seen a star or planet forms, we see stars dying.
 - ii. Statistically a star dies every 26 years, in 20 billion years we should see million of did stars, how come we see few hundreds only (perfect for 6000 years universe ☺)?

#)Do not appear in nature, AN=95-118

HERE IS WHAT EVOLUTION²² MEANS CONTINUED

Stupid!

4. **Organic evolution: Origin of life.** 
 - i. How did **life come from none living** material? Have never seen it
5. **Macro evolution: Changing from one kind of animals to another kind.** 
 - i. Never seen dog producing cat or mice.
 - ii. Even if it takes millions of years why you've **never seen transitional fossils?**
6. **Micro-evolution: Variations within kinds.** 
 - i. Rational evolutionists believe in this, it is producing different species from one kind, like different species of dogs or horses. It should be called variations in stead of micro evolution because evolutionists try to have free ride on it for the other none scientific kinds.

OBSERVABLE

EVOLUTION?

Cosmic Evolution From Big Bang to Mankind

HOLMDEL BELL LABS CONTRIBUTED TO BIG BANG FALLACY JUST 1 MILE AWAY FROM HERE ☹

24

- At Bell Labs in Holmdel, New Jersey, in 1964, Arno Penzias and Robert Wilson were experimenting with a supersensitive, 6-meter (20 ft) horn antenna originally built to detect radio waves bounced off Echo balloon satellites.
- They were trying to improve communications with Apollo missions instead they discovered what was called "big bang echo"
- I think they gave up and removed it. ☺

HERE IS WHAT CHEMICAL EVOLUTION MEANS

25

- Big bang supposedly produced **Hydrogen** and some **Helium** and very little **Lithium**.
- How did we get the **92 elements** formed plus the synthetic ones#?
- How did the **chemicals** evolve?

#Produced through synthesis.

1 The cosmos goes through a superfast "inflation," expanding from the size of an atom to that of a grapefruit in a tiny fraction of a second.

2 Post-inflation, the universe is a seething, hot soup of electrons, quarks and other particles

3 A rapidly cooling cosmos permits quarks to clump into protons and neutrons.

4 Still too hot to form into atoms, charged electrons and protons prevent light from shining: the universe is a superhot fog.

5 Electrons combine with protons and neutrons to form atoms, mostly hydrogen and helium. Light can finally shine.

6 Gravity makes hydrogen and helium gas coalesce to form the giant clouds that will become galaxies; smaller clumps of gas collapse to form the first stars

7 As galaxies cluster together under gravity, the first stars die and spew heavy elements into space; those will eventually turn into new stars and planets.

EVOLUTION OF THE BIG BANG

28

The **big bang idea** began with a Belgian astronomer, Georges Edward Lemaitre. According to Isaac Asimov, Lemaitre conceived this mass to be “no more than **a few light-years in diameter.**” At the very least, that would be two light-years or about **twelve trillion miles.**

By **1965** that figure was reduced to **275 million miles,**

by **1972** to **71 million miles,**

by **1974** to **54 thousand miles,**

by **1983** to “**a trillionth the diameter of a proton,**”

and now, to **nothing at all! A singularity!** Bolton Davidheiser

“... the observable universe could have evolved from an **infinitesimal region***. It's then tempting to go one step further and speculate that **the entire universe evolved from literally nothing.**” ***Dot**

—Alan Guth & P. Steinhardt *Scientific American*, May 1984 p.128
See Darling, David, “On Creating Something from Nothing,” *New Scientist*, vol. 151 (September 14, 1996).

SOME THOUGHTS ABOUT THE BIG BANG

1. **Fourteen Billion years ago all the matter** of the world was **concentrated** in one very dense, very hot spinning region, then
2. **The region got infinitesimally smaller then exploded**, a big bang, for some unknown reason, then
3. **All the matter spread faster than the speed of light**, this is why the universe expands, then
4. **It will contract back** into nothing after 80 Billion years, then,
5. **Another big bang** comes around, then
6. It happens every 80 billion years,
7. **Not only matter will disappear but also space and time** (as it was before the current big bang),
8. **NOTHING EXPLODED AND HERE WE ARE, WHAT A DELUSION LOGIC!**

MORE THOUGHTS ABOUT THE BIG BANG

- Big Bang goes 180° against first and second laws of Thermodynamics. Einstein said, “Any theory must conform with thermodynamic laws otherwise trash it” (rephrased).
 - I. What exploded? We don't know!
 - II. Where it got the energy from? We don't know!
 - III. Where the matter came from? We don't know!
 - IV. Both evolution and creation are religions, the difference is that evolution is tax-supported and creation is banned by the government orders.
 - V. Many if not most scientists believe in evolution as a result of peer pressure, nothing scientific about it was or will be proven.

MORE THOUGHTS ABOUT THE BIG BANG

- VI. Where did the laws, e.g., gravity, inertia, centrifugal force, thermodynamics laws, ..etc. come from? We don't know! We believe.
- VII. Why Venus and Uranus rotate backward against the law of Conservation of Angular Momentum? We don't know!
- VIII. WHY Jupiter, Saturn, and Neptune have moons orbiting in opposite direction? We don't know!
- IX. "In the beginning God created the heaven and the earth" and made these planets and moons rotate this way to make evolution look silly!
- I. Evolution is therefore religion and not science.

MORE EVOLUTION CRUNCHERS

- It is estimated that on the average **a star dies every 26-30 years**, if the universe is billions of years old we should see hundreds of millions of dead stars, **we see less than 300 only** consistent with 6000 years old universe.
- Incidentally, Universe = Uni (Greek for one or alone) + Verse (Greek for spoken sentence).
- Science books say: 4 billion years ago the **earth was molten mass** and cooled down forming crust, was it? **Polonium radio halo proves the opposite[#]**. The Bible says the "Spirit of the God moved upon the waters", this means less than 212° Fahrenheit.

#)Radio polonium halos: When the polonium decays it produces HE halos. If the rock including the polonium was molten the halo would scape away immediately, they are still in the rocks. All granite in the world contain these halos.

MORE EVOLUTION CRUNCHERS

- **Geologic column** does not prove anything, it does not exist and is man made. It was made up by a lawyer called Charly Lyell in 1830. This **was before any dating method was known** however he indexed it by fictitious tens/hundreds of millions of years.

EVOLUTIONARY TREE OR SPECIATION ORCHARDS?

Despite the clear evidence that all the phyla existed right from the beginning, School textbooks, college programs, museums, culture and magazines are saturated with Evolution trees as undisputable fact.

It is scientific fraud to teach common simple start and phyla branches come out of it while

It is more like orchard than a tree.

LET'S TALK A LITTLE ABOUT THE MECHANISM OF EVOLUTION

"Biological" Evolution:

- Oceans formed as it rained on the rocks for millions of years.
- Swirling in the oceans is a bubbling broth of complex chemicals.
- Progress from complex organic chemical soup to living cell is very slow, it never happened this is how slow it is ☺.
- Living cell evolved to simple organism which evolved to complex organism which evolved to animals and plants which evolved to today's creatures and us as shown in the geological column few slides later.
- The evolution was and still uncontrolled haphazard blind heartless unconscious mindless mutations and natural selection.

- Miller and Urey experiment (Glenco Biology 1994 p.325)
- Textbooks say in 1950 took earth primitive atmosphere.
- PTO →

LET'S TALK A LITTLE ABOUT THE MECHANISM OF EVOLUTION

1. He “did add evidence to the theory that life **could have started by itself** on the primitive earth” **(nothing can be further from truth)**.
2. Methane, ammonia, water vapor, & hydrogen. **No oxygen which**, was richer, **because it would oxidize the amino acid** immediately and fail the trial.
3. **Without oxygen ammonia could not exist**, it would be destroyed by UV light which must be blocked by ozone which is oxygen (catch 22). **Oxygen was 50% more** at that time as shown in the air bubbles trapped in oldest rocks
4. Textbooks say the experiment **produced mixture of rich amino acid**. Wrong, it was **85% tar, 13% carboxylic acid**, (both toxic to life), **2% amino acid**.
5. **Mostly 2 amino acids were produced, 20 different ones needed for life.** PTO ➡

LET'S TALK A LITTLE ABOUT THE MECHANISM OF EVOLUTION

6. Urey **filtered the product continually** otherwise the spark would ruin it; you can't have such protection in the nature.
7. You need **hundreds of amino acids** to make protein.
8. You need **hundreds of protein** to make living cell.
9. Living cell is more **complex than space shuttle**.
10. Half the protein were left-handed and half right-handed, **protein use left-handed** only (except the DNA is right-handed)
11. The experiment **was total failure** unlike what evolutionists say.

“Designs”

After discovering millions and millions of fossils **still there are no transitional fossils.** Admit it Steve, it is creation and not evolution.

WHEN FOUNDATION IS FAKE⁵⁷

A time scale in hundreds of millions of years published by British geologist Arthur Holmes in 1913 and based on uniformitarian paradigms before any of the radiometric dating matured, if ever, and on the belief that the fossils in a certain layer are of organisms evolved from the layer below it. And if this is not phony enough it is used in circular reasoning. Worse yet the same column is still being used internationally for researches and granting thousands if not millions Ph.D. degrees.

"If the foundations are destroyed, what can the righteous do?" Psalm 11:3

WHEN THE KIDS KNOW BETTER⁵⁸

The ingenious design of God for the living organisms uses living cells. These living cells consist of data bank (DNA, deoxyribonucleic acid all the minute details to build the whole body of the organism) plus numerous nanomachines which utilizes the DNA to perform all the living functions. The DNA of any organism contains the codes to build the needed thousands of proteins by combining the right mix and amount of some of 20 amino acids. These codes called genes and each set of them make chromosome. To produce the same protein in several in more than one organism all the of them will have the same code. This led evolutionists to erroneous conclusion that all these organisms have common ancestor instead of common designer.

SPECIATION

59

- The offspring combines its physical characters from the parents. Such as length, skin color, eyes color and so on.
- For example a man and woman off spring take one out of 10^{42} possible character (genes) combinations.
- Besides, the ingenious design of living organisms put also in the organism amazing capability to adjust the different characteristics (genes) to gain/enhance traits to enable the organism to thrive in new changed environment.
- These two capabilities changes in each generation leading to different species of the same kind. They can also be used by breeders to produce certain characteristics like small dogs or hardy corn.
- The speciation happens in nature too assisted by natural selection, like the cats family or dogs family.a

SPECIATION SPELLS VARIATIONS (& V.V.)

- They produce the **same kind** of animal or plant. That is not evolution!
- The information of the variation was **already present**. No new information is added. The dogs do not become pink or learn to fly.

FALSIFYING EVIDENCE

- Proven wrong evidence: horse evolution was proven false over 50 years ago however still found in the biology books.
- Many other false evidences are dotting the biology textbooks and should be removed.
- If false evidences are removed NONE will remain to support the ailing theory.

GEOLOGY OUT OF THIN AIR

- 1779 Hutton's book, *Theory of the Earth*, published in 1795, made people doubt the earth was 6000 years old.
- 1830 Lyell's book, *Principles of Geology*, published in 1830, made people doubt the flood.
- Darwin's book, *The Origin of Species...*, published in 1859, made people doubt the Creator.
- Thus uniformitarianism and millions of years old earth were born.
- All Darwin's reasoning is the finch's beaks varieties from island to island.

In the early 1800's each layer of rock was given a **name** (like Jurassic), an **age** and an **index fossil**.

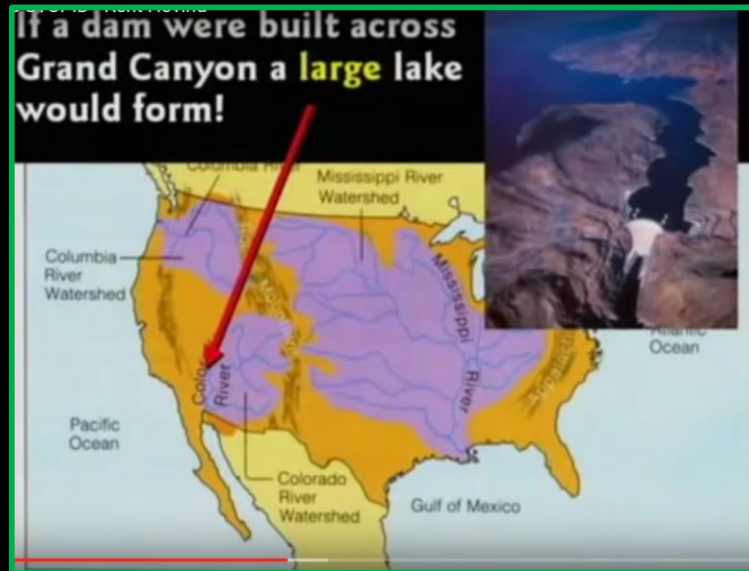

GRAND CANYON THE GRAND LIE

- For Centuries, all geologists never doubted that it was formed by one global flood, Noah's flood.
- Evidence is undisputable e.g.: Sediment layers laid like pancakes without erosion in between, canyon's wall has the same patina thickness top to bottom, falling stones at the bottom consistent with 4,500 years duration, Colorado River entry to the canyon is over 4,000 feet lower than canyon highest point, Colorado river didn't form delta in the Pacific Ocean meaning all the canyon was carved in very short time (days or weeks), radiometric dating of all the layers shows they were laid the same time, ..etc.
- The Kaibab uplift caused cracks at the top in the still soft sedimentation layers. These cracks started a spillway for the huge lake formed by the flood carving the Grand Canyon in weeks if not days.
- The purple are lakes would drain if the dam is broken.
- Just happened 1982 when Mount St. Hellen volcano erupted, the mud slide formed a 1:40 grand canyon model in 3 days.

Creationist's interpretation	Fact	Evolutionist's interpretation
It formed quickly by lots of water and a little time	Grand Canyon exists	It formed slowly by a little water and lots of time
The layers are from the flood of Noah	The earth has layers of sedimentary rock Evolutionists are always trying to erase the line and make students think their interpretation is part of the fact	The layers form slowly over millions of years

GRAND CANYON THE GRAND LIE

The Grand Canyon is a spill-way of a levy breach of a huge lake covering several states formed by the Noah flood.

GRAND CANYON'S & ITS LAYERS

- These layers are deposited during & right after the worldwide Noah flood within a year.
- These layers are result of hydrologic precipitation or sorting.
- The layers are stacked like pancake without any erosion marks between them.

Merrill Earth Science 1993 p. 149

- The Kaibab uplift caused layers to bend without breaking, i.e., were soft and were formed in short time. It caused fishers/cracks in top of the still soft layers which worked as levy breach for the huge lake.
- Most of these layers extend throughout the US and Europe and many parts of the world.
- The canyon is made with lot of water in short time and not vice versa.
- The radiometric dates for volcanic rocks at Grand Canyon demonstrate that the first and last sedimentary deposits of the canyon were laid about the same time.*

Ref: <https://answersingenesis.org/geology/grand-canyon-facts/another-view-of-the-grand-canyon/>

1,000+ CUBIC MILE GONE

- The Grand Canyon volume estimated at 1,100 cubic Miles of sediment.
- The tiny delta formed in the Gulf of California, Isla Montague, may count for 100 cubic Miles at most.
- The 1,000 cubic Miles of sediment were flushed in the Gulf and beyond indicating that the Colorado River acted as spill way for a huge lake when the levy broke likely due to fisher(s) or crack(s) resulting from the Kaibab uplift because all the sediments were flushed due to the gushing waters.

CAN ANYONE SEE THIS AND DOUBTS THAT THESE GRAND CANYON HILLS ARE THE RESULT OF HYDRAULIC PRECIPITATION DURING WORLDWIDE FLOOD

POLYSTRATE TREES FOSSILS EVIDENCE FOR QUICK FOSSILIZATION & YOUNG EARTH

⁶⁹

This 30 foot petrified tree is one of hundreds found in the Kettles coal mines near Cookeville, TN. The top and bottom are in different coal seams dated thousands of years different in age.
[Www.bible.ca/tracks](http://www.bible.ca/tracks)

Trees can't stay standing upright unrotten and undisintegrated for thousands of years while coal seams get formed the uniformitarian's thousands of years. Coal is formed under pressure, heat, and moisture in the labs in few days if not hours.

SPIRIT LAKE & GLIMPSE OF THE FLOOD

Scientists estimate there are 20,000 trees in the bottom of Spirit Lake.

Many of them are buried upright and some are already **15 feet deep in sediments.**

They seem to settle out by species giving the appearance of a complete forest yet without roots.

These are the result of Mount Hellen eruption in 1982, a tiny rerun on relatively minute scale of what Noah flood catastrophes did indeed.

ORPHAN RADIO POLONIUM HALOS

- ^{218}Po half-life=3 minutes
- ^{214}Po half-life=.164 seconds
- ^{210}Po half-life=.164 seconds
- Existence of these halos is a proof the granite was never molten so is the earth crust.

ORPHAN POLONIUM HALOS AS A CREATIONIST CLOCK

72

^{238}U Halo Cross section

Radiation damage halos in biotite mica

^{218}Po half-life = 3 minutes

^{214}Po half-life = 0.164 seconds

^{238}U half-life = 4.5 billion years

Physicist Robert V. Gentry:

- The granite samples in which these halos were found are "primordial",
- The orphan halos observed are caused by radiation decay of ^{218}Po to ^{206}Pb which takes milliseconds to minutes.
- ^{218}Po comes only from ^{238}U , however these orphan halos do show side by side to U-Pb decay halos which supposedly takes billions of years to form.
- Therefore ^{218}Po must have leaked after it was created BUT before it decayed to Pb for these orphan halos.

- This means the supposedly billions of years U-Pb decay must have taken place in just milliseconds to minutes POINTING clearly that the halflife of U-Pb decay during the flood was billions of times faster than the billion years measured now.
- Therefore: 1) The earth is young because billions of years shrink to minutes.
2) the crust had never been molten otherwise we would find Lead without halos..

Ref: [INSTANTANEOUS CREATION: Part I](#) , [Fingerprints of Creation](#) , [Geology - Polonium Evidence](#)

POLONIUM HALOS AS A CREATIONIST CLOCK

- Robert V. Gentry found that granite has only **3 halos**: ^{210}Po , ^{218}Po & ^{214}Po except for polluted granite which has all the ^{238}U 8 halos.
- It is important to keep in mind that the **halo can only be etched inside a solid rock**—never inside a molten rock. No marks of a halo can be made on magma or lava. The granite would have had to be solid in order for the Po-218 halo to be etched onto it.
- **Conclusion: The existence of polonium 218 halos reveals that the granite of our earth**—which is the major foundation rock under all the continents of our planet—**all came into existence in a solid form in less than three minutes because ^{218}Po half life-time is just 3.05 minutes.**

STALACTITES & STALAGMITES

MILLIONS OF YEARS OR JUST A FEW THOUSANDS?

- Acids formed by organic decays or by chemicals seeping from underground oil dissolves the limestone deposits to form caverns.
- continually dissolved limestone seeps through cracks into the cavern.
- It drops hanging from ceiling (**Stalactites**) or builds up sticking out of ground (**Stalagmites**).
- This forms the colorful spikes.
- This does not need millions of years to happen as this photo shows.

FEW CHALLENGES FOR EVOLUTION

Woody picker tongue goes all the way back in his head, comes around above its left eyebrow, and goes out of its left nostril. Any transition from the normal birds to this one?

Science books say: 4 billion years ago it rained on the rocks melting it causing soup which formed living cell. One single cell is more complex than space shuttle!

Termites chew on woods and swallow it but termites can not digest it. There are little tiny organism in its stomach which digest it for the termite. What one of them evolved first and how it lived without the other? None of them can live without the other!

Biology books state: "The first living cell emerged between 4-3.8 billion years ago". There is no record of such event

Comparative anatomy provides further evidence of evolution? Evidence of common designer!

Those "evolved" living organisms must learn how to reproduce more of themselves, why? To compete for the food supply? Why not evolve to live eternally?

MORE CHALLENGES FOR EVOLUTION

80

Early 1950s Urey Miller mixed methane, ammonia, water vapor, and hydrogen and subject them to electric sparks assuming this is the conditions on the earth 4 billion years ago. He produced traces of amino acids (2%) + gawky substance. Science books says he proved life can start by itself, **problems:**

- i. **NEGLECTING** Oxygen which was abundant, it would oxidize any living material.
- ii. He used ammonia, ammonia is destroyed quickly by UV light which is absorbed by Ozone, so you have ammonia you must have oxygen.
- iii. He produced 85% tar and 13% carboxylic acid both are toxic for life.
- iv. He produced few amino acid, life requires 20 kinds.
- v. Smallest proteins require 70-100 amino acids in precise order all left-handed

Those “evolved” living organisms must learn how to reproduce more of themselves, **why? To compete for the food supply? Why not evolve to live eternally?**

BLOOD & SOFT TISSUES IN FOSSILS

Organic material under best preserving conditions may survive few thousand year. Will we believe they can survive hundreds of millions of years unpreserved and subject to all disintegrating factors? These dinosaurs were created the same day human was created and they lived together and survived the worldwide flood on the Ark. After the flood some of them became carnivorous and human got rid of them for protection. The rest were extinct due to drastic environment changes.

BLOOD & SOFT TISSUES IN FOSSILS

They were mentioned in many Bible verses mentioning dragons and huge strong animals such as: 7. Job 41:1-11, 4. Ezekiel 32:1-2 "..., yet you are like the big dragon in the seas. ..", 3. Job 40:15-24, 4. Ezekiel 32:1-2, 5. Ezekiel 29:2-3, 6. Isaiah 51:8-9, 8. Isaiah 27:1, "...Leviathan the fleeing serpent..", 9. Psalm 104:24-26, 10. Psalm 74:12-15. Most certainly these verses were inspired to prophets familiar with these creatures. Christian traditions mentioned them so do countless different folks legends. Besides, we have fossils of human and dinosaur's footprint together.

Selection of Published Reports of Original Soft Tissue Fossils

Papers that were excluded from the list include those with dubious verbiage, especially those that discussed "soft tissues" but failed to specify whether or not the tissues were original or chemically altered to a more resistant material. Those papers that specified the latter were also excluded, to the best of the author's ability to discern. The chart demonstrates that a multitude of verified original soft tissue and biochemical "clocks" have set maximum ages of thousands of years to samples that had all been assigned ages of millions of years.

- Earth speed: 805,547 +/- 44,748 Miles/Hr.
- "If the earth is dashing through the space at a speed over half million Miles per hour and **none is in control, we are in big trouble.**"^{*1} In a Russian astronaut speech, rephrased.
- It is either **someone in control** or **some law giver put the laws** which is in control.
- Now think of our **Milky way galaxy** which contains **hundreds of billion stars** like the sun moreover the **hundreds of billions of other galaxies** all dashing gracefully under His control and we haven't heard of two stars colliding.
- Let alone He spoke all these galaxies into **existence**.

QUICK NOTES

Now that we dashed through several kinds of evidence debunking evolution let's recap:

- The evolution paradigm came as **rebellion reaction for Church and government** tyranny in the middle ages, not as scientific outcome.
- Geological and biological reasoning **came from self-claimed and not educated scientists**.
- Geological column was **fictitiously constructed by uniformitarians only to support biological evolution** without consideration for hydraulic sorting and before any aging process was matured.
- **Evolution necessitates cosmic, chemical, stellar, organic, macro, and micro evolution. ONLY micro evolution can be tested and observed scientifically**, all others are unproved and cannot be proved moreover make no sense because they are against well-established scientific laws as laws of thermodynamics.

- **Virtually all observations (real science) are pointing to young earth and universe**, such as virtually all solar system do not conform with big bang, $^{238}\text{Uranium}$ & $^{218}\text{Polonium}$ halos point to young earth.
- After uncovering millions of fossils **never single real transition between kinds was found**.
- Even evolution gurus admit the tree of life and geological column are just wishful thinking.
- The vast complexity of the simplest living cell **discredits organic evolution**.
- The unrealistic assumptions of Yuri and Miller's claim of "creating life" in the lab are proof against the claim itself.
- Admission of evolution gurus of finding all organisms' kinds right in the Cambrian explosion and nothing new since then talks for itself.

QUICK NOTES

- 1982 when Mount St. Hellen volcano eruption and its formation of a 1:40 grand canyon model with 200 sedimental layers in 3 days is living proof against Grand Canyon's uniformitarian millions of years age.
 - Recent formation of large Stalactites & Stalagmites in just few decades debunks uniformitarian millions.
 - Erroneous and unreliability of radiometric aging processes were shown by young lava measurements.
 - Blood and soft tissues in dinosaur fossils cry out for young age, so do the human and dinosaur joint fossils.
- Christian traditions and numerous folk's legends of heroes slaying dragons are undisputable proofs they lived together. So do many ancient artifacts.
 - So do numerous verses in the Holy Bible.
 - All of these, and a lot more, lead numerous scientists many of them were evolutionists to dissent from evolution as next slides show.
 - We are giving you these proofs to protect you from the nihilistic culture around us.

CONCLUSION

1. Evolutionists consider creationists ignorant, stupid, insane or wicked
2. Evolution came as result of three books: "Theory of the Earth" which made people doubt the Biblical earth age of 6000 years, "Principles of Geology" which made people doubt the flood, and "Origin of Species" which made people doubt the creator
3. It was widely accepted at the beginning because Europe was looking to get rid of all authorities during the revolution age and because it releases persons from the responsibility towards God
4. The evolution is widely accepted due to peer pressure and to go with the flow
5. Evolution is taught erroneously as fact although it doesn't even qualify as theory

CONCLUSION

6. Because evolution fostered godless thinking it led to humanism, communism, Nazism, and new world order
7. Geological column was made by amateur who considered the fossils are accurate indication for the earth layers they were found in. Moreover he gave these layers names and millions of years period for each before even any dating procedures were known
8. Later when dating processes were developed they were calibrated to give the same dates listed in the geological column by James Lyell which originally were in turn put arbitrarily under the influence of "the Theory of the Earth" by James Hutton
9. Unfortunately the Church did not defend the Biblical authority, on the contrary Church leaders raced to device theories to interpret the Biblical record to match the science fear of being accused to be against the science

CONCLUSION

10. Slowly the school became the source of facts and the church became source of spirituality and socialization
11. The Genesis record shows clearly the creation took 6 regular days about 6000 years ago. Each creation day is qualified by morning, evening, and a sequence number. The age of the earth is given in form of “begat’s” and history records allover the Old Testament.
12. Evolution permeated all sciences and it means:
 1. Cosmic evolution, the big bang; evolving everything from nothing
 2. Chemical evolution; evolving all chemicals from Hydrogen and Helium
 3. Steller & planetary evolution; forming the galaxies, stars, and planets
 4. Organic evolution; originating life
 5. Macro evolution; Changing living kind into another kind
 6. Micro evolution; which gives different species from a kind.

CONCLUSION

13. First five evolution can not be proven by scientific observations; testing, probing, seeing, smelling, touching and repeating
14. These evolutions are not only in head collision with the Biblical teaching but also contradicts most observations and well established laws. For example the big bang theory contradicts first and second law of thermodynamic and evolving life from none living contradicts the biology law
15. Very small number of dead stars, spiral galaxies, moon recession, earth speed decrease, sun heat, ocean salt concentration, no new stars, ..etc. all point to 6000 years young universe
16. The micro evolution is a misnomer, it has never been denied by creationists and it comes from the incredible variability God put in His creatures to produce offspring with different “characteristics and capabilities” for better adapting with different environments; e.g., species of the same kind

CONCLUSION

17. The sequence of the big bang is wrong in 15 out of 16 major creation objects
18. Radio Polonium Halos proved without shadow of doubt that the earth was created solid and not molten per the big bang theory
- 19. “In the beginning God created the heaven and the earth.” Genesis 1:1 shows how God created time, space, and matter**
- 20. A bacteria cell is more complicated than the space shuttle**
21. Miller and Urey experiment did not simulate accurately the early atmosphere however it produced 85% tar, 13% carboxylic acid, (both toxic to life), 2% amino acid, protein needs 20 half left and half right handed (except the DNA is right handed)
22. The geology column is used circularly: strata is dated by fossils but fossils date the strata accurately!

CONCLUSION

- 23. Speciation is not creating new data, it just selects from existing data
- 24. Breeding (specialized/controlled speciation) loses the variability built in the living organism
- 25. Most evidences used in school text books to prove evolution are proved wrong: Ernest Haeckel Embryology similarity, horse evolution, whales pelvic, snake claws, ..
- 26. Similar limb bones of some living organisms indicates same designer created them all

CONCLUSION

- Evolutionists consider creationists ignorant, stupid, insane or wicked
- Evolution came as result of three books: “Theory of the Earth” which made people doubt the Biblical earth age of 6000 years, “Principles of Geology” which made people doubt the flood, and “Origin of Species” which made people doubt the creator

- The 6th evolution is a misnomer, it has never been denied by creationists and it comes from the incredible variability God put in His creatures to produce offspring with different “characteristics and capabilities” for better adapting with different environments; e.g., species of the same kind

CONCLUSION

- The sequence of the big bang is wrong in 15 out of 16 major creation objects
- Radio Polonium Halos proved without shadow of doubt that the earth was created solid and not molten per the big bang theory
- **“In the beginning God created the heaven and the earth.” Genesis 1:1 shows how God created time, space, and matter**
- **A bacteria cell is more complicated than the space shuttle**
- Miller and Urey experiment did not simulate accurately the early atmosphere however it produced 85% tar, 13% carboxylic acid, (both toxic to life), 2% amino acid, protein needs 20 half left and half right handed (except the DNA is right handed)
- The geology column is used circularly: strata is dated by fossils but fossils date the strata accurately!

CONCLUSION

- Speciation is not creating new data, it just selects from existing data
- Breeding (specialized/intended speciation) loses the variability built in the living organism
- Most evidences used in school books to prove evolution are proved wrong: Ernest Haeckel Etymology similarity, horse evolution, whales pelvic, snake claws, ..
- Similar limb bones of some living organisms,

SIR KELVIN AND THE AGE OF THE EARTH

- The thermodynamic genius who formulated in the 19th century the first and second law of thermodynamics did not agree with evolutionists on the age of the earth.
- Although his calculations put it in millions, it was very short for evolution to take place.
- Darwin stated “my theory will collapse shamefully because Lord Kelvin estimated 50 millions years only” (rephrased)

Kelvin worked on a number of physical processes which set limits on the maximum possible age of the earth. There are two good books describing some of this work.

The most exhaustive and careful study is the book *Energy and Empire*, by Crosbie Smith.

The other book is *Lord Kelvin and the Age of the Earth*

Kelvin's best known work in the YEC community is his calculation of the cooling rate of the earth, setting an upper limit on the time since it was molten, based on the measured heat flow out of the earth. This was done before radioactivity was known, and it formed a strong constraint to those advocating unlimited amounts of time for evolution to occur. This process set an upper limit on the age of the earth of about 50-100 million years, a time that even evolutionists in the late 1800's realized was not sufficient for evolution and their notions of geological time.
